

# HOME LEARNING: UNDER 2'S

Newsletter 25th May 2020

Hi everyone!

This home learning newsletter has ideas for activities which follows our curriculum, Early Years Foundation Stage (EYFS). The activities have been selected carefully for your child's age range however you know your child best, so adapt it as necessary to achieve the best outcome.

If your child doesn't seem interested in an activity, don't be disheartened or assume they can't or won't do it. Leave it a while and try again or do something completely different. Most importantly, have fun with your child!

## Communication and Language

Sing nursery rhymes which have actions such as Incy Wincy Spider and Wind the Bobbin Up. Encourage your child to copy your actions and guide their little hands. The actions help to match the words of the rhyme

## Physical Development

Build a tower! It doesn't have to be with blocks, search the house for any items that can be stacked: recycling, tupperware, food cans (empty or full). You could even get creative and build a pyramid with plastic cups! Remember to choose your items carefully, as they will get knocked down!

## Personal Social and Emotional

Create a cosy den out of bed sheets or if you have had a large delivery recently, use the cardboard box! Pack with cushions, and if you have any fairy lights, add them to give your den a snuggly feel. Maybe you could make it big enough for both of you to get in and read a story together.

## Reminder

Remember to teach your child to wash their hands regularly and for the recommended time of 20 seconds. Make it fun by singing with them and giving lots of praise and attention. Younger children may not like it at first, but they very quickly adjust, especially if you model washing your hands regularly.

Remember to take photos and upload them to your child's tapestry account, we can't wait to see what you have been up to at home!
